

**CENTRAL YORK  
U22AA  
2024/2025  
MEDIA GUIDE**

# FOREWORD

**Coach: Steve Dempsey**

**Email: [coach@cygha.com](mailto:coach@cygha.com)**

Thank you for your interest in the Central York Jr Panthers. Head Coach Steve Dempsey is going into his sixth season leading the Junior Panthers. He has worked extremely hard over the past few years on recruiting and player/culture development within the organization. Not only is he coaching the Junior Panthers, but he was also hired to become the Coach Mentor and Skills Coordinator for the Central York Panthers organization. Before coming to the Central York Panthers organization, he was an Assistant Coach at York University for 12 seasons. Coach Dempsey has worked with many great coaches and teams over the years and has the right vision for what it takes for a player to be an impact at the NCAA and USports level.

Starting a program that had only two returning players was a challenge but also a blessing. The Jr program is now thriving with talent and has become known throughout the OWHL U22 Elite league for its culture, work ethic, “Gold Medal” habits, and family atmosphere. Coach Dempsey has put together a comprehensive program that will prepare these players mentally, emotionally, physically, tactically, and technically for success at the next level. “I will judge my success by their success. I want to create a program of destination and develop not only great players but also great leaders for NCAA and USports teams”. The players have created their own profiles, in the Media Guide, which have been reviewed by team staff to ensure accuracy. We thank you in advance for taking a look at our player profiles and encourage you to reach out to Coach Dempsey if you have any questions in relation to our players or our team.

As you know, there are many intangibles which are difficult to pick up from a statistical or biographical player summary or assess from the limited number of games that you are able to attend. Please note that you can have full confidence that any additional evaluation that Coach Dempsey and the rest of the non-parent team staff provide will be completely objective. They are more than happy to offer any further information about the players/families under consideration for your program.

Thank you for your interest and we look forward to your inquiries as you move forward with your scouting and recruitment process.

I can truly say I love the game of hockey! I have been playing hockey since I was 4 years old and I am proud to say that I was the same go getter then that I am now! I am a dedicated, driven and tenacious defender who is competitive at both ends of the ice. One of my strengths is my passion to never give up. I work hard to get the job done each and every shift, leaving it all out on the ice. This drive not only translates into my other sports (lacrosse, track and field and cross country) but also into my academics. I understand the importance of hard work and being a strong contributor to a team! These attributes have played a role in my success on other teams most notably winning the Provincial Championship with the Peterborough U15 AA Ice Kats. I look forward to playing junior hockey this year for the Central York U22 Elite Panthers and will strive to continue my academics and hockey career at the University level! "To whom much is given, much is expected."

As a hockey player, I am strong with the puck, agile, have strong edge work and I make smart decisions both with and without the puck. I recognize that when I am on the ice what I do without the puck is just as important as what I do when I have it. I have an offensive mindset and look for opportunities to contribute offensively but also balance that with a responsible defensive game. I work 12 months a year on my game. Off the ice, I enjoy volunteering at my old elementary school whenever my school is on a break. I work at a golf course in the Spring, Summer and fall. I attend Bill Crothers Secondary School where I am involved with the Athletic Council and play a variety of school sports such as field hockey (won a Bronze at OFSAA in 2022), the tournament hockey team, soccer and flag football teams. Outside of school, I play Rep Soccer and I have been skiing since I was 1. I take school very seriously and I prioritize my studies. I always put 100% into whatever I am doing, whether it be playing hockey or studying for school. Strong relationships are important so I put a lot of energy into building strong friendships with my friends on my teams and school.

Hockey has been a huge part of my life growing up. I love the atmosphere of being at the rink, and I pride myself on being a kind, supportive and encouraging teammate. This will be my first season competing as a Junior Panther. I began playing hockey for the Markham-Stouffville Stars at the age of four and fell in love with the game. As a hockey player, I would describe myself as a competitive, dependable and smart player. Other than hockey, I have played competitive soccer and have played on my school's volleyball and basketball teams. It is my goal to continue to play high level hockey at the university level. I understand and am willing to put in the work to develop my game both on and off the ice.

I am a hard working, committed person and player. I love the chase of having a goal set and working to achieve it by myself or with my team. I strive to be best in everything I do and have no quit in me. I've been playing hockey since I was 3 years old and ever since I stepped on the ice I've had an enormous amount of love for this game and dreamed to make a career out of it. Some things I like to do out of hockey is go to the gym, swim and hangout with friends. I am incredibly passionate about hockey and want to continue playing while attending school.

This is my second season playing junior and with the Central York Panthers organization. I find myself very fortunate to be apart of an organization that stresses the importance of a positive team culture. I have been playing hockey since I was five years old and ever since I started playing, the best part of the game is being on a team. I am a forward that plays a 200 foot game and takes care of not only the offensive end but also the defensive side. I am a player that uses my speed and is eager to win every battle for the puck. At school I am involved in many teams and clubs. I am vice president of the Athletic council and participate on the field hockey, ice hockey and track team at my school. Last school year, I won female athlete of the year for the grade 10 class and was awarded a medallion medal for an average higher than 90 percent. I look forward to playing with great players and teammates this year!

I have been playing hockey as long as I can remember, at first just mini sticks in the basement with my big brother. I love the sport and I have made many friends from all over the province along the way. This is my fifth year playing for the Panther organization, and I have made so many long last memories. I have a very strong work ethic and especially enjoy sharing my love of the ice with the children I teach skating to when I'm not training. In my spare time I like to stay active I love going to the gym, playing school hockey and running. I hope to play at the highest level possible and pass on my love of the sport to the Panthers that will follow after me.

I'm a competitive athlete with a strong work ethic and a desire to win. I started playing hockey with boys at age 5, and I knew I was a goalie the first time I went in net. I'm now in my 7th year with the Central York Panthers. In the summer of 2022 I participated in the Ontario Summer Games and won silver. I was also invited to attend the Gatorade Fueling the Future Camp as one of 22 female athletes and one of only 4 female goalies in the province. This past summer I was invited to attend the OWHA High Performance Goalie Camp. These were all unforgettable experiences that I learned a lot from. At school I'm on the flag football, badminton and hockey teams, and I also play multiple musical instruments. In the classroom I excel at maths and sciences. In the future while achieving my degree in health sciences or medicine, my goal is to continue playing hockey at the highest level possible.

As a forward for the U22 Central York Jr. Panthers, I pride myself on being a dedicated and versatile player with a strong work ethic and a high hockey IQ.

Hockey has been a central part of my life for as long as I can remember, and my passion for the game drives me to constantly push myself to improve both on and off the ice. I aspire to take on significant roles in the hockey world and this ambition fuels my commitment to not only play the game but also understand it deeply and strategically.

Looking ahead, I hope to continue my hockey career at university while studying sports management. My goal is to contribute to the sport I love, not just as a player, but as a leader who can make a lasting impact on the game. I'm eager to bring my skills, determination and leadership to the next level, and I'm confident that I can make a meaningful contribution to any program.

I love being around the rink. Being in the changeroom with my teammates for practice, games or training is sooo much fun. I learned at a very young age to take nothing for granted. My older brother was born with Cerebral Palsy and finally made a rep team after years of trying. He was cut many times before finally making the team but he never gave up. I want to win every battle, every puck race, and every game. Winning only happens if I try my best and have a "refuse to lose" attitude.

Never, never, never give up" Winston Churchill
