

CYGHA Return to Play – Facility Occupancy By Municipality/Venue

REVISED – Red Zone Restrictions

**Parent/Guardian Instructions

Parents/guardians must follow the direction of the facility personnel and our CYGHA Safety Ambassadors. Any deviation from CYGHA Protocols and/or direction from facility personnel will result in all access privileges being revoked. Non-compliance can also result in the cancelling of permits for the entire CYGHA. Please be respectful of the CYGHA Protocols and direction from facility personnel.

- Players are expected to come fully dressed (goalies will not be as dressed as players) except for skates
- Everyone that enters the facility must be of good health (exhibiting no internal or external signs of sickness) and wear a mask (that covers the mouth and nose) at all times except for during on ice activities

Arena Occupancy - Aurora

CYGHA PLAYERS	10
COACHES***	Up to 2 coaches allowed
SAFETY AMBASSADOR	1 (not allowed to stay in the venue)
TRAINERS	1
TOTAL FACILITY OCCUPANCY	13

**Parent/Guardian Occupancy - Aurora

U11 or below parents/guardians are allowed to come into the facility and tie skates but they must leave right away. For example, if 5 parents enter to help the first 5 players then the next 5 players can not enter the venue till those 5 parents leave (one coach and one trainer must enter the venue when the first players enter). Once the first 5 players have their skates on then they must go and wait in the bench area with a coach or trainer (staying physically distant). The next 5 players entering can have a parent/guardian enter with them to help them tie their skates but then those 5 parents/guardians must exit immediately. This only applies to U11 and below. No parents/guardians for older age groups are not allowed to enter.

When parents are coming in to help tie skates we must keep the number of people in the hallway at or below 10. Coaches and trainers must not be in the hallway while parents are tying skates if it will cause us to be above 10 people in total in the hallway. Once those 5 players have their skates tied they must leave the hallway so that the next 5 players can enter with their guardians. That way we are never above 10 in the hallway. Players and coaches can wait on or near the bench till the ice is ready.

***Staff Occupancy - Aurora

You can have 2 coaches on the ice and a trainer on the bench. You are allowed 10 skaters. You can not substitute a coach in order to add another player. 10 players max and 3 staff max (1 must be a trainer).

Arena Occupancy - Newmarket

CYGHA PLAYERS	10
COACHES***	Up to 2 coaches allowed
SAFETY AMBASSADOR	1 (not allowed to stay in the venue)
TRAINERS	1
TOTAL FACILITY OCCUPANCY	13
POSSIBLE PARENTAL/GUARDIAN OCCUPANCY	10 (coaches/trainer are included in the parent count if their child is on the ice)
REVISED FACILITY OCCUPANCY	23

****Parent/Guardian Occupancy - Newmarket**

Parents are not allowed to enter the facility except for U11 and below. Here are the instructions for U11 and below. Parents would be strongly encouraged to stay outside the arena or leave the arena once their player is prepared to go onto the ice. Remaining in the arena is discouraged. However, one parent/guardian per child would be allowed to stay if it is deemed necessary. Parents/guardians are asked to watch from the same area as where their child prepared to go onto the ice. Other viewing areas are off limits. The maximum number of people allowed in the facility is 13 but Newmarket is allowing more than 10 to enter temporarily for this reason only. This only applies to U11 and below. No parents/guardians for older age groups are allowed to enter.

Arena Occupancy – NTR Newmarket

CYGHA PLAYERS	10
COACHES	2
SAFETY AMBASSADOR	1 (not allowed to stay in the facility)
TRAINERS	1
TOTAL FACILITY OCCUPANCY**	13

****Parent/Guardian Occupancy – NTR Newmarket**

U11 or below parents/guardians are allowed to come into the facility and tie skates but they must leave right away. The maximum amount of people allowed in the facility is 13 but NTR is allowing more than 13 to enter temporarily for this reason only. Parents/guardians must leave once skates are tied. This only applies to U11 and below. No parents/guardians for older age groups are allowed to enter.

Arena Occupancy – Richmond Hill

CYGHA PLAYERS	10
COACHES	2
SAFETY AMBASSADOR	1 (not allowed to stay in the venue)
TRAINERS	1
TOTAL FACILITY OCCUPANCY	10

****Parent/Guardian Occupancy – Richmond Hill**

No parents/guardians are allowed in the facility to help with skates. All players must enter the facility with skate guards on or use the chairs inside the facility located around the perimeter of the rink to put on their skates. There is no early entry allowed. Each group can only enter once the previous group has left. This means that each group will only have 5 minutes in the rink before their ice will be available. It is imperative that groups leave within 5 minutes of exiting the ice to allow the next group at least 5 minutes in the rink to get their skates on.

Arena Occupancy – East Gwillimbury

CYGHA PLAYERS	10
COACHES	2 (one of the coaches must also be a trainer)
SAFETY AMBASSADOR	1 (not allowed to stay in the venue)
TRAINERS	1 (can also be a coach and be on the ice)
TOTAL FACILITY OCCUPANCY	12

****Parent/Guardian Occupancy – East Gwillimbury**

No parents/guardians are allowed in the facility to help with skates. All players must enter the facility with skate guards on or use the benches located just outside of the entrance to put on their skates. There is some rubber matting alongside the benches so that players can walk from the benches into the facility and onto the ice. You can have two coaches as long as one of them also has their OWHA trainer's certification. Otherwise you can only have one coach and one trainer. You must have a trainer present for all CYGHA on ice activities.
